other applications such as Jabber, IM, and other similar personal information management applications. Other users can either start or join a meeting from any computer. Any computer with internet access can be made available for a

**What's New In?**

AIABilling Software is a professional and reliable billing software designed for the construction industry. You have no idea how many times your job estimate was copied and pasted into hundreds of invoices. The hassle that comes with manual

---

spreadsheets makes it hard to get accurate and timely billing.

FreeAIABillingSoftware uses the information that a general contractor collects for their cost estimating project to make an automated quote to get the highest price possible for your home or business project. The builder will use the information you provide in your estimate and combine it with similar estimations and project data to provide an accurate AIA estimate. It is not software; it is a service! Build better estimates with FreeAIABillingSoftware Highly accurate Automated Get more money for your work

---

Highly customizable Reporting and charting Create an accurate estimate with our easy-to-use software. Make it even easier for you to build accurate costs for your home or business project. Get the most money for your quote with AIABilling. Manual Spreadsheets require hours of labor and can be inaccurate. The easiest way to get a higher price is to build the estimate yourself. There is an easy way for builders to get accurate and timely invoices. FreeAIABillingSoftware comes with a free 30-day trial. Take the time to use the software free for 30 days. If you're not satisfied with the service, you can

---

cancel before you pay. What's  
New: Version 10.2.01 released  
February 2018.

FreeAIABillingSoftware 9.3.0  
Multilingual is lightweight and  
easy to use. You can build cost  
estimates in minutes by defining  
how many square footage you  
need, what type of builder you  
want, and what your budget is.  
The program then plugs the  
information into an AIA standard  
cost form that can be exported as  
PDF. This software is built on the  
power of the Google suite and is  
using the latest changes and  
additions to make your billing  
experience perfect. AIABilling  
helps contractors, property

---

managers, and other organizations provide a service that earns a higher price. FreeAIABilling Software is a professional and reliable billing software designed for the construction industry.

AIABillPlus software works by using contractor-provided estimating data that is added to the software program by specifying dimensions and costs for a variety of costs.

FreeAIABilling will generate an estimate that can be printed and mailed
