Book Valmiki Puranas Biblio: Valmiki Puranas Download Valmiki Puranas in tamil The Valmiki Puranas or the Puranam Kantham are the Puranas compiled by Shri Valmiki, the chief author of the Ramayana. They have been considered as almost equivalent to the Ramayana, and together with the Ramayana, are considered to be the two chief of the great four Puranas. The Valmiki Purana-s are in one to seven books and are sacred scriptures from ancient India, narrating stories of gods and goddesses such as Shiva, Vishnu, Brahma and Sita among others. On account of their sacred nature, they had always been considered secret by the Jain, Brahman and Buddhist communities. Each of the Valmiki Purana-s is narrates the story of the divine personages of Hinduism. Many believe the legend of Rama to be derived from the Puranas' Ramayana which is the Great epic (kāvya) of the Hindus. Free download books PDF The greatest secret of all Hinduism's holy books is their vast wealth of knowledge. There are Puranas with all the knowledge of all the Vedas. The valmiki purana is one of the number of the seven books of the puranas which can be considered as the vast ocean of wisdom. History & other important dates The Valmiki Purana is the earliest of the seven major puranas. It is of the form of Sthāṇa-saṃpradāya and was written in the fourth century CE. It appears to be a later version of the former one as the latter is written in the style of the Yajurveda. The word Purana is derived from the root pr-n-a meaning "a chain or rope". The Valmiki Purana begins with the statement that the author was a sutradara ("saintly teacher"). This is confirmed by the work's style and the foreword that states that Lord Nārāyaṇa is its only teacher and avatar ("god"). The Valmiki Purana has been considered, along with the Ramayana, as the greatest sacred text of the Hindus. Mahabharata Get free books pdf download The 6d1f23a050
